A Better Way to Spend the Day

Monty's Ark Adventures turns a meal into a private voyage. We shape the destination around your guests, the weather and the mood of the day - then handle the route, arrival coordination and onboard pacing so the experience feels natural from the first line off to the final approach home.

PRIVATE BY DESIGN

Your crew, your pace and room to change the plan.

CAPTAIN-LED

Practical seamanship and thoughtful hospitality throughout.

CURATED ASHORE

Waterfront restaurants selected for arrival experience as well as the table.

Choose the Shape of Your Adventure

Nearby Escape Approximately 3-4½ hours

An easy, elegant outing with plenty of time ashore. Ideal for a first trip, a relaxed lunch, cocktails or a sunset return.

Signature Crossing Approximately 4½-7 hours

A destination that feels meaningfully away: Greenwich refinement, Huntington energy, Stamford polish or Rowayton charm.

Full-Day Sound Approximately 7-11 hours

A true day underway, combining longer open-water legs with a memorable harbor arrival and a relaxed meal ashore.

The Short List

Eleven strong options, organized by the experience they create. Exact destination and timing are confirmed with your captain against conditions and berth availability.

What Your Captain Coordinates

The details matter, but they should not become your guests' work. Before departure, Monty's Ark confirms the operating picture and recommends the best-fit plan for the day.

- **Route & conditions:** Weather, visibility, sea state, tides, daylight and an appropriate alternate.
- **Arrival:** Slip availability, marina contact, VHF procedure, vessel limits, fees and restaurant timing.
- **Pacing:** A realistic outbound run, comfortable time ashore and a return window that preserves the experience.
- **Guest readiness:** A simple pre-departure note covering timing, footwear, layers and any destination-specific dress expectations.

A Note on Timing

Published running times assume a 15-knot cruise in open water. Harbor and no-wake zones, docking, traffic and conditions add time. That is why Monty's Ark presents a realistic experience window rather than promising a stopwatch arrival.

THE MONTY'S ARK APPROACH

Plan precisely. Host naturally. Leave room for the water to make the day memorable.
